Residential—Multi-unit

(Naho Kubota)

450 Warren
[SO - IL](#)
Brooklyn, New York

“This condominium stacks 18 units around a central atrium enclosed with netting, eliminating any corridors. The scheme, combined with its inventive material resolutions, is a welcome take on how high-end housing can advance conceptual goals beyond mere luxury. It’s like a student project come to life, in a good way.” —**Jack Murphy**
